Have you always been interested in a career in the medical field? Well, now you can receive the training that you've wanted, but never had the time to fit it into your busy schedule. In just seven to ten weeks, you can become the medical professional you've dreamed of becoming. Our courses are offered in the evenings, with resume and career development training, interview workshops and job placement assistance. They are designed to get you certified and productive in your new career quickly.

## Education Programs

### Health professions and related programs

Phlebotomy Technician
